

What Thin Folks Should Do To Gain Weight

Physician's Advice For Thin, Underdeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried every known food-maker, food-tonic, physical culture stunts and rub-on creams, regard themselves as life-long skinnies and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of skinniness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strength-giving, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Lee & Osgood, and other leading druggists supply Sargol and lead there is no new preparation has given splendid results as a nerve tonic and vitality. It should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

Coughs and Colds Weaken the System.

Continued coughs, colds and bronchial troubles are depressing and weaken the system. Loss of weight and appetite generally follow. Get a few bottles of Dr. King's New Discovery today. It will stop your cough. The first dose helps. The best medicine for stubborn coughs, colds and all throat and lung troubles. Mr. O. H. Brown, Muscatine, Ala., writes: "My wife was sick during the hot summer months and I honestly believe Dr. King's New Discovery saved her life." Good for children. 50c and \$1. at your druggist.

Love.

This I, moreover, hold and dare affirm wherever my rhyme may go. Whatever things be aye or fair, love makes them so. Whether it be the lullabies that charm to rest the nursing child, or that sweet confidence of sighs and blushes, made without a word. Whether the darling and the flush of softly sumptuous garden bowers, or by some cabin door, a hush of ragged flowers.—Alice Cary.

Queerest Word in Language.

Pocket-handkerchief is the queerest word in the language. At first it was kerchief (couvre-chef), a covering for the head; then it became handkerchief, a covering for the head carried in the hand, and at last pocket-handkerchief, a covering for the head held in the hand and kept in the pocket.

Economic Epigram.

A sentimental declaration, even if it runs counter to sound economics and the best interests of society, will have more adherents than a profound truth in political economy, the adoption of which demands an immediate sacrifice.

And Seen Nothing Better.

"Say, did you ever know a woman to buy what she wanted at the first store she came to?" "Yes. My wife frequently does—that is, she returns to it after she's been to all the other stores."

Gets Well Paid for It.

If a millionaire manufacturer works harder than his employees, it is only in accord with the eternal fitness of things. He gets more pay.

Tooth Affinities

The enamel of the teeth and the acids in the mouth have a strong attraction for each other. These mouth-acids seek out weak spots in the enamel—and by constant action finally pierce this "armor plate" of protection and readily get into the "inside-tooth." This is the cause of 95% of all tooth-decay. But there is an "acid-mouth-dentifrice."

Pebeco Tooth Paste

It overcomes "acid mouth." Keeps teeth free from the sleep attacks of mouth-acids. This is the big idea behind Pebeco Tooth Paste.

Clean? Pebeco cleans teeth.

Whiten? Pebeco whitens teeth.

Polish? Pebeco polishes teeth, too.

DEMOCRATS CELEBRATE VICTORY

Mayor Murphy Re-elected—Has Plurality of 317—Entire Democratic Ticket Wins—Successful Candidates in Parade in the Evening—Total Vote Was Extremely Light—Murphy Had 1338, Lathrop 1021 and Hewitt 175 for Mayor.

TIMOTHY C. MURPHY
Re-elected Mayor

Mayor T. C. Murphy, democratic, was re-elected for his second term on Monday in the city election, defeating Arthur D. Lathrop, republican, by a plurality of 317 in a total vote for this office of 2,534, the third candidate, Gilbert L. Hewitt, progressive, receiving 115 votes, which was more than any one else on his ticket received.

Mayor Murphy received 1,338 votes, Candidate Lathrop 1,021, and the mayor's majority of 48 two years ago was increased this year to 142.

The total vote was a light one, indicating little interest felt in the election, for the entire number of votes cast in all four districts on the vote for mayor was 2,534, as compared with 2,968 in the city election in 1912.

Task Mayor Into Parade.

The victory of Mayor Murphy carried with it all the other democratic candidates on the ticket, so that there was good grounds for celebrating the clean sweep with parade with the band that took place in the evening. Tubbs' band was secured and stationed at the Wauregan house corner by the democratic town committee, giving a concert programme there, while the workers were busy marshalling the newly-elected men and assembling a number of automobiles which conveyed them

Washington street to Washington square, through Main street to Burnham square, where a short halt was made while several selections were played. Then the line moved on to Greenville to in front of the engine house, where another concert was given before the parade dispersed and the machines took their heavy loads of passengers back to the center of the city.

Mayor Ran Ahead of Ticket.

As indicated by the vote for water commissioner, the straight democratic plurality was 243, so that Mayor Murphy ran considerably ahead of his ticket. In the central, or first district he had a plurality of 113 on the West Side, or second district, 93, and on the East Side, or third district, 89, and the highest vote for any candidate was received by Clerk Stephen D. Moore, 1,340, leading the mayor and Councilman Kramer by two votes.

The following are placed in the city government by the election:
Mayor—T. C. Murphy.
Aldermen—Henry Gebrath, M. H. Hourigan.
Councilmen—William J. Kramer, Milo R. Waters, Hugh Kinder, John R. Fowler.
Clerk—Stephen D. Moore.
Treasurer—Charles S. Avery.
Sheriff—T. A. Carey, Gustaf Thumm.
Water Commissioners—Patrick F. Bray, Ed. Democrat; Hugh Blackledge, republican.

Voting Machines in Use.

This city election was featured by the use of the Triumph voting machines, the first time that they had

HUGH BLACKLEDGE
Elected Water Commissioner

been used in a city election, although they had already been used in two town elections here.

In First District.

In the first district where the voting was in the town hall Albert S. Comstock was the first man to vote and he was followed by W. T. Lane, John Flynn, A. Ernest Cherry, William Carver, F. J. Leavens, M. J. Kelly, J. D. Lacey and others. Voting was slow and by 12:50 only 760 men had voted. By 2:45 the thousandth ballot was cast and when the counting was taken off the machines after the polls closed it was found that 1,356 votes had been registered. The checkers made the total vote 1,347, eight less than showed on the machines. The total registration in the district was 2,210.

John D. Hall was moderator, J. Frank Corey and John P. Sullivan were clerks, and Weston C. Pullen was timekeeper.

MILO R. WATERS
Elected Councilman

and Earl E. Mathewson were checkers and the challengers were J. F. Drew and Lester Greenman. The men who looked after the machines were Philip Spellman, Timothy Sullivan, Frederick Tyler, D. H. Wilson, Edward Redden and Gustavus D. Andrews and Tyler D. Guy and Cornelius J. Downen were the registrars.

When the count was taken off the three machines after the polls closed, at 4 o'clock, it was done very expeditiously and the whole tally was expounded on the sheets in eighteen minutes. There were 369 votes cast on one machine, 482 on the second and 354 on the third.

Those who assembled the figures and figured up the totals from the three machines did this with record

breaking speed and had the result ready to announce inside of half an hour, which was 20 minutes before any of the other districts got their returns in.

In Second District.

In the second district there were 524 votes cast on the two machines out of a total registration of 1,027. The officers in charge of the polling place in the vacant store at No. 177 West Main street, were: Moderator, W. W. Ivins; checkers, Frank I. Royce, Stephen Coffey; machine tenders, J. E. Connell, Edward A. Breed, John J. Parsons and Robert Mahoney; challengers, Walter M. Cowan, Michael Donovan; door tenders, Joshua Yeomans and John O'Connell. They got their returns to the town hall about 4:55 o'clock.

The Jewish holiday of Pentecost had something to do with the small size of the vote, as many persons of that nation would not vote. H. M. Lerou and Tardieu Leamy were the assistant registrars at the polls.

In Third District.

In the third district the polling place was in Union hall, and when it came time to open the polls, Moderator Daniel J. Donovan, who was to unlock the machine, found that he could not

JOHN R. FOWLER
Re-elected Councilman

get it open. Later when Examiner Michael J. Curran was notified and hurried to Greenville he unlocked it without trouble, as the directions had not been followed in pulling out a certain tab fast enough. He was somewhat anxious, as he had been promised and it were cast, 6 democratic and 5 republican.

Daniel J. Donovan was moderator and the checkers were Albert C. Greene and Daniel J. Murphy. Albert H. Marsh and Michael Mahoney were challengers. The machine tenders were Ira E. Barrett and John F. Malone. James Lumsden and Edward Baggett were doorkeepers. On the vote for mayor there were exactly 600 votes cast in this district. It was the last on to report at the town hall, not coming in until after 5 o'clock.

In Sixth District.

Billings' hall was the voting place in the sixth district, with one machine in use and the following officials: D. N. Lathrop, moderator; Elmer Haggett and Frank W. Brewster, checkers; C. Avery and Robert Caswell, challengers, and George A. Sydneman and Edwin Spaulding, machine tenders.

The total vote cast was 134 and the return was the first in at the town hall. Moderator Lathrop arriving there to report at 4:45.

City Meeting Put Over.

According to the call for the election and city meeting, Mayor Murphy called the city meeting immediately after the polls closed at 4 o'clock, but on Monday morning the city meeting was adjourned to next Tuesday evening.

Result of Vote Announced.

The final figures of the election were all tabulated and ready for Moderator Hall to announce by 5:35 o'clock, which he did to a small audience of less than half a dozen who were there at that time.

Summary of Vote.

The summary of the city vote is as follows:

	DISTRICTS	1	2	3	Total
Mayor

Rough on the Old Maid.

In a quiet English village there was recently held a celebration in the schoolroom at the dedication of a new fire engine. It was a glady evening, with three speeches by local clergyman and a long-winded oration by a bald-headed politician. The gem of the evening was the following toast: "May old (the fire engine) be like the (the old maid) of our village—always ready, but never wanted!"

The Porteous & Mitchell Co.

Futurist.

The teacher had just read the myth about Perseus and Medusa, she wished to stimulate the imagination of her youngsters and asked them to describe the hero as they pictured him. One little girl wrote: "Perseus was tall and stately with a black waxy mustache and wore a monolog over his left eye."

Ornaments of the Dyest.

"How are you getting on at your new place?" remarked a lady of a girl whom she had recommended for a situation. "Very well, thank you," answered the girl. "I am glad to hear it," said the lady. "Your employer is a very nice person, and you cannot do too much for her." "I don't mean to say," was the innocent reply.

Nothing Short of Calamity.

Holding a glass of clear honey in his right hand, father observed impressively: "It cost the little bees many a weary trip to fill this with sweetness from the flowers." Little Laura, who had been listening closely, exclaimed, with great earnestness: "Wouldn't it have been too bad if one of them had dropped the glass?"

Gentleness at Home.

Use your gentlest voice at home. Watch it day by day as a pearl of great price, for it will be worth more to you in days to come than the best pearl hid in the sea. A kind voice is joy, like a lark's song, to a heart at home. It is a light that sings as well as shines. Train it to sweet tones now, and it will keep in tune through life.—Elithu B.

OUR BIG FIRE SALE

All Women's and Children's Garments must be sold at a sacrifice on account of having been slightly damaged by smoke.

There never has been such a profitable opportunity to buy Ladies' Cloaks, Suits, Evening and Street Dresses, Skirts, Waists, Corsets and Underwear.

A Sober Husband A Happy Home

Drink habit is the cause of more than one-half of the divorce suits brought in the courts. Many separations have been prevented when the husband was persuaded to take the Neal Drink Habit Treatment, which is a safe, sure, vegetable remedy that removes the craving for drink in three days, without the use of hypodermic injections. The Neal Treatment will make drinking husbands sober husbands, and they will then spend their money on their families instead of over the bar, drinking and treating drinking companions. Call and talk it over. Get proof and references, or write or phone for book of information. 1802 Chapel St., New Haven, Ct. DRUG (day or night).

NEAL DRINK HABIT SUCCESSFULLY TREATED.

NEAL'S DRINK HABIT TREATMENT IS THE ONLY DRUG TREATMENT FOR DRINK HABIT.
